Dear Clive,

Re. Purchase Order & Sub Contractor System

Thank you for working with me to improve our business process. From our initial meeting you were able to understand and subsequently fulfil our needs. The support provided by your staff was excellent.

Prior to your system being in place we spent hours each day processing orders. The new system has streamlined our data entry by the clever use of databases and links, which has eliminated replication of data entry and reduced errors, therefore reducing administration. Orders are now processed in a fraction of the time.

Payroll has enabled us to keep check on both employed and subcontract labour costs and productivity.

Navigating through the system is easy and it is a joy to use.

Once again thank you Clive for enabling us to put these improvements into place to take our business forward.

Yours sincerely,

Greg Brett
Operations Director

Directors: V.M. Fell (Managing), C.S. Harrison, G.J. Brett M.I.O.R.
Company Secretary: C.S. Harrison.
